

July 2011

Welcome to Aarhus Træskibshavn, Fiskerivej 32

Below you find some practical info:

**The House:** you can use the kitchen and the equipment when you wish. On the back of the house you find the bathroom & toilet, which you can use for free. You are also welcome to use the grill.

In "Skipperstuen" - the room to the left when you enter the house - we have a computer where you can check the weather etc. We also have free wireless Internet. You can get the code from who is present.

If you need to get access to bath/house out of opening hours, the harbour master will lend you a keycard, which you should return together with the payment.

**Payment:** to the left before entering the house you'll find envelopes with prices for the different places. You put the payment in the envelope and put it in the mailbox.

**Beach:** pass through the tunnel on the back side, follow the path to the right approx. 1 km and you'll arrive at the beach.

**Shopping:** closest supermarket is Kiwi, Skovvejen 17, 8000 C  
Open daily 8-22, weekends 8 - 20.

You can walk along Fiskerivej to the bridge, which passes over the railway, then you'll find Kiwi a bit to the left. Below the bridge you find city-bikes which you can rent for 20,- dkr.

If you need to dry some clothes, you continue along the same road, first street on the right is Østbanetorvet; you'll find the laundry to the right.

**Meals:**

In Tordenskjoldsgade nr. 25 you find the oldest Greek restaurant in the city: "Chez Tony". Good food, reasonable prices, nice owners. To reserve a table: 86162568 (you walk down the tunnel, uphill along the forest, cross the first street, the next one you meet is Tordenskjoldsgade).

Close to the restaurant there is a cash machine.

On Fiskervej no 4 and 6 you find two fish shops with fresh and smoked fish.

Should you prefer a classic burger, the best place is "Havnens Perle" a bit further to the south close to the rails. They also serve breakfast (bacon & eggs etc.).

The centre of the city is not far away. Head for the big tower of the church and you'll find an area with restaurants, cafes, shops, etc.

**Equipment for the boat:** follow Fiskerivej to the end, turn left at Hjortholmsvej and you'll find A.F.I (white building) with everything for the boat.

We hope you'll have a pleasant stay. Do not hesitate to ask, if you need some information. All our members are nice & helpful people ☺
